

Southern Methodist University

Project name: SMU Annual MAC Contract

Location: Southern Methodist University

Dates: 2001 through 2008

Address: 6425 Boaz Lane
Dallas, Texas 75275

Project overview

A private university of 11,000 students near the center of Dallas, SMU offers strong undergraduate, graduate, and professional programs through seven schools- in the humanities and sciences; business; the performing, visual, and communication arts; engineering; education and human development; law; and theology.

ABLE solution

ABLE Communications, Inc. continues to provide daily network support for the entire SMU campus. From daily moves, adds and changes to renovations and new building projects, ABLe has been a part of the evolving technology for this growing campus.

The scope of work includes:

- Installing Systimax category 6 cable as a standard on campus.
- Provide, install, and test ABF tube cell and ABF bundles.
- Provide, install, and test conventional fiber cable.
- Provide, install, and test multi-pair backbone copper.
- Provide, install and test Ethernet cable.

- Provide and construct telecom cross-connect closets.
