

Saxon Mortgage, Inc.

Project name: Saxon Mortgage, Inc. Regional Office Project

Location: Irving, Texas
Address: 3701 Regent Boulevard
Irving, Texas 75063

Completion Date: October 2008

Project overview

Our Mission

Saxon Mortgage is committed to serving our customer by providing creative financial products built upon a foundation of credit quality and risk management; building relationships through a passion for superior customer service and mutual respect; and creating value for our customers, employees, and stakeholders through stable long-term growth and solid returns, while cultivating a culture of trust, honor, and integrity. Saxon Mortgage's goal is to provide attentive service to its customers. Saxon is dedicated to delivering accurate information in a timely manner, empowering its employees to make decisions, and providing First Call resolution. Through honesty, dependability, and attention to detail, Saxon will demonstrate its ability to exceed the service needs of its customers.

Our Strategy

Saxon Mortgage will continue to build an organization focused on the customer; leveraging our credit and service discipline to deliver superior customer service. Likewise, all of the Saxon Mortgage affiliates are one company committed to continuously improve, develop and grow with our employees who, working with the state of the art technology, will create the low-cost "provider of choice" in the marketplace and deliver exceptional shareholder value.

Our Community

Saxon is committed to helping the communities that we serve. Our employees participate in and support numerous charities and businesses including Susan G. Komen Foundation, Adopt-a-Soldier, Habitat for Humanity, teddy bear and blood donation drives. We take great pride and pleasure in making positive impacts on our communities.

ABLE solution

ABLE Communications, Inc. was selected by Saxon Mortgage to provide the Voice & Data Cabling Infrastructure, Server Racks and Overhead Bracing Support Structure for this regional office.

The Structured Cabling System is a Panduit-General solution utilizing all Category 6 UTP for all copper connectivity. All cabling infrastructure was placed in Server Racks and Distribution Cabinets provided and installed by ABLe Communications, Inc. This is truly a "Showcase" installation. ABLe Communications, Inc. provides ongoing maintenance for this facility. Due to Saxon Mortgage's explosive growth, an additional floor is currently under construction, due to the "High Quality & Professionalism" demonstrated by ABLe Communications, this project will be negotiated directly and not let for bid.

Product Solutions
